

Tsunami^{SPORT}

An indoor cycle that delivers a smooth and quiet ride. Perfect for the home user trying to keep things quiet or those who want to hear the television without cranking the volume. Many of the same features found on the Pro version including a heavy 50 pound flywheel, sweat hoods and low step over height.

features

Easy Assembly

Most components are pre-assembled making for a fast and easy set-up.

Stable Frame

Made with oval tubing, excellent stability and 350 lb. user weight.

Large Bottom Bracket Shell

Shell has been oversized to improve bearing life.

Alloy Knobs

Durable alloy knobs designed to give you years of reliable adjustments on the seat, seatpost, handlebar and resistance tension.

Low Step-Over Height

Enables easier mounting as compared to x- or y-frames.

Sweat Hoods

Built into the frame to protect the flywheel and brake assembly from corrosive sweat.

Metal Chain Guard

Provides durability in a heavy usage area of the cycle.

Heavy Flywheel

50 lb. flywheel is heavy enough to prevent the "runaway effect" seen on cycles with lighter flywheels.

Belt Drive

A drive system so smooth and quiet, it adds to the comfort of your workout.

Commercial Warranty

10 years on frame; 3 years on parts; 1 year on wear items and labor.

*Please refer to www.watersfitness.com or the Owner's Manual for complete warranty details.
